Here are the specific questions: (1) is the imagery an IC product; (2) is the imagery now officially declassified; (3) was this taken from a cell phone from the oval; and (4) has anyone done a risk assessment/damage assessment of releasing this imagery? The request came over the phone from Mike Casey. We are hoping to respond by phone and not get a letter.

(b) (5)

Folks are kicking this around for accuracy and completeness and, I think, are sending it over to the WH.

I have several concerns with the below for sharing with the Hill. How about something a little more streamlined.

All -

As I mentioned to a couple of you, OLA has been getting pinged on the President's tweet of Safir imagery. (b)(5)
